VIDEO 2023

40,000+ trade visitors discussed business with around 700 exhibitors from 16 countries in 18 halls

It certainly has been a very special edition, the 30th Iran agrofood. Exhibitors, institutional partners and organisers alike were delighted that the fair has managed to stay fresh and vibrant for 3 decades.

Being one of the three most important fairs in Iran, Iran agrofood continues to be as lively and vital as ever. The halls were literally stormed, full of exhibitors and trade visitors holding business talks.

The decades-long success story of Iran agrofood as the most important agrofood platform for Iran and its neighboring countries thus continued in 2023 and Iran is all set for continuous growth in its vibrant agrofood market towards 2024.

Organised by fairtrade and Palar Samaneh, the 30th edition took place at the Tehran International Permanent Fairgrounds from 16 to 19 June 2023. Stay in touch with all exhibitors and their technologies, products and solutions in the [fairtrade exportal](#).
